

**Stoeeger**<sup>®</sup>

Every Day Tough

You work hard. You play hard. You live life to the fullest and want gear that can keep up. That makes you just the kind of person our firearms are made for, and you can depend on them to meet every challenge you throw at them. Equally at home in a damp goose pit on a January morning as they are at a trap range on a Sunday afternoon in July, Stoeger shotguns are rugged, reliable, and consistently accurate. Our STR pistols deliver the performance and relentless reliability that EDC and self-defense applications demand. For 2026 we are offering new hunting and tactical shotguns, as well as three new pistols in our STR lineup. No matter which Stoeger firearm you choose, you're investing in a gun that will deliver outstanding performance, dependability and value.

## M-SERIES SEMIAUTO SHOTGUNS

Great Got Even Better

### Model 3500

**MODEL 3500 – 12-GA, 3½"**  
ITEM # 36024 Black synthetic

### Model 3000

**MODEL 3000 – 12-GA, 3"**  
ITEM # 36016 Black synthetic

## Where Innovation and Superb Performance Meet

Armed with ideas and suggestions from experienced hunters and shooters, Stoeger turned its innovative engineers loose with a lofty assignment: turn an already great Stoeger shotgun platform into an excellent birdslaying, clays-smashing machine. They succeeded, and the M-Series is the result. These guns have super-sleek profiles, thanks to enhanced ergonomics that make them shoulder and point instinctively. Larger bolt handles, bolt-release buttons and safeties make for easier operation in cold weather when wearing gloves. Beveled ports make fast reloads a snap. Thinner grip areas and redesigned forends ensure a firm grip and positive control in any weather. Removable cheek pieces make shooting more comfortable, and improved recoil pads team with the proven Inertia Driven® system to soak up felt recoil when shooting even the stoutest loads. If you're ready to step up your shooting experience without emptying your bank account, pick up a Stoeger M-Series shotgun today.

### Model 3020

**MODEL 3020 – 20-GA, 3"**  
ITEM # 36007 Black synthetic

**INERTIA DRIVEN**

#### INERTIA DRIVEN® SYSTEM

The Inertia Driven® system used in the Model 3000, Model 3500 and Model 3020 is superior to any other operating system. The rotating bolt head ensures a positive steel-to-steel lockup that provides Stoeger semiautos with superior strength and reliability.

Near the end of the recoil cycle, chamber pressure drops to a safe level and the gun's rearward motion slows. The heavy inertia spring then thrusts the bolt assembly rearward, unlocking the rotating bolt head, extracting the spent shell from the chamber, and pulling it against the ejector.

## Model 3500

Magnum Performance and Reliability

**MODEL 3500 – 12-GA, 3½"**  
ITEM # 36054 Realtree® Max-7™

**MODEL 3500 – 12-GA, 3½"**  
ITEM # 36049 Realtree® Max-7™, Cerakote Burnt Bronze

Stoeger's Inertia Driven® Model 3500 is chambered for 3½-inch magnum shells, but also cycles 2¾- and 3-inch shells equally well without adjustment, providing versatility at an affordable price.

The Model 3500 is drilled and tapped to accommodate Weaver-style scope bases.

The Model 3500 comes with a recoil reducer that is a standard item with purchase. The buttstock incorporates a cut cavity that facilitates easy installation of the recoil reducer.

**MODEL 3500 – 12-GA, 3½"**  
ITEM # 36005 Mossy Oak® Bottomland™

A shim kit is included with the Model 3500, which allows you to adjust the fit of the gun for drop and cast.

The Model 3500 comes with four choke tubes (IC, M, F, XFT) that run from improved cylinder to extra-full turkey.

**MODEL 3500 – 28-GA, 3½"**  
ITEM # 36024 Black synthetic

The bolt assembly of the Model 3500 includes an inertia spring and rotating locking head, two features that distinguish the bolt as an integral part of an Inertia Driven® System.

### STANDARD FEATURES

**CHOKE TUBES:** IC, M, F, XFT and wrench.

**FINISHES:** Realtree® Max-7™, Black synthetic, Mossy Oak® Bottomland™, or Max-7™/Cerakote Burnt Bronze.

**SIGHTS:** Red-bar front sight.

**RECOIL REDUCER** (Does NOT fit M3500 with wood buttstock)

**SHIM KIT**

## NEW M3500 Waterfowl Special

A Duck's Nightmare

**NEW** MODEL 3500 WATERFOWL SPECIAL – 12-GA, 3½"  
ITEM # 36083 Mossy Oak® Original Bottomland™, Patriot Brown Cerakote

The M3500 Waterfowl Special includes a rugged paracord sling.

Loading, unloading and operating the Model 3500 in cold weather is made easier by the large bolt handle and bolt-release button. A specially machined and beveled loading port makes feeding shells into the magazine tube with gloved hands quick and efficient.

### STANDARD FEATURES

- EXTENDED CHOKE TUBES:** IC, M, XFT, Close-Range, Mid-Range and wrench.
- FINISH:** Mossy Oak Original Bottomlands/ Patriot Brown Cerakote
- SIGHTS:** Red-bar front sight.
- OVERSIZED BOLT HANDLE AND RELEASE**
- RECOIL REDUCER**
- SHIM KIT**
- PARACORD SLING**

Stoeger's Inertia Driven® Model 3500 Waterfowl Special is equipped with features dedicated duck and goose hunters will appreciate. Oversized controls aid operation with gloved hands. A specially engineered loading port that makes loading shells in cold weather easy. Rugged, weather-resistant construction and finish stand up to the worst conditions. The easy-to-see front sight stands out in low light. This semiautomatic shotgun is chambered for 3½-inch magnum shells, but cycles 2¾- and 3-inch shells equally well without adjustment, and five chokes are included to deliver the kind of reliable versatility and value only Stoeger can provide.

## M3000 Sporting

This Shotgun Does It All

**NEW MODEL 3000 – 12-GA, 3"**  
ITEM # 36084 Nickel

From trap, skeet and sporting clays to doves, ducks and pheasants, the new M3000 Sporting will be your go-to shotgun. Delivering outstanding performance in an eye-catching ergonomic design, it sports beautiful hardwood furniture paired with a contrasting nickel receiver. The gloss-blue ported barrel is topped with a Broadway Style Rib and Red-bar front sight, and a weighted magazine endcap results in exceptional balance for a smooth swing.

Weighted magazine endcap results in exceptional balance for a smooth swing.

The M3K & M3000 Sporting shotguns come with oversized, anodized-aluminum bolt releases, oversized safeties, and extended tactical-style anodized-aluminum bolt handles. This triad of components makes for quick and easy operation when seconds count.

The M3000 Sporting features a recoil-mitigating ported barrel for fast follow-up shots. A Broadway style rib deflects barrel heat to keep your line of sight free of target-distorting mirages, and the Red-bar front sight is easy to see in any light.

# M3K

For the Freedom Series shotguns Stoeger took the solid operating systems of the M3000 & P3000 and paired them with select U.S.-manufactured components. This allowed us to create extended-capacity, 922r-compliant M3000 & P3000 shotguns for our customers.

## Stoeger Freedom Series Shotguns

### Extended magazine 12-gauge powerhouses

Freedom: the power to make choices as you see fit without restraint. So why restrain the capacity of your 12-gauge magazine if you don't have to? Go all the way with the Stoeger Freedom Series, a line of 12-gauge semiautos and pumps with extended magazine tubes. With out-of-the-box capacity of 7+1 (M3000 Freedom and P3000 Freedom) and 10+1 (M3K), the only thing small on these bad boys is the price tag.

COMMON SPECIFICATIONS: Magazine Capacity: 10+1 Extended Chokes: C, IC, M Type of Sights: Red-bar front sight Length of Pull: 14 1/2" Drop at Heel: 2 1/2" Drop at Comb: 1 1/2" Minimum recommended load: 3-dram, 1 1/8 ounce. Receiver drilled and tapped for scope mounting.

Want a real bang for the buck? The M3K 3-gun shotgun comes right out of the box with a 10+1-capacity magazine, making it a fantastic choice for the ambitious (yet price conscious) competitor. With its oversized bolt release and safety, extended bolt handle, beveled loading port and extended choke tubes, the answer to the question "Are you ready?" is a resounding "Yes!"

The M3K comes with an oversized, anodized-aluminum bolt release and extended tactical-style anodized-aluminum bolt handle. Reloading is made quicker and easier with the custom/elongated carrier and enlarged, beveled loading port.

## M3000 Turkey Edition

Re-Imagining the Turkey Gun

**M3000 TURKEY EDITION – 12-GA, 3"**  
ITEM # 36068 Mossy Oak® Bottomland™

This compact and camouflaged turkey slayer sports a 22-inch barrel, making it easier to maneuver in a blind or in the brush. It takes a variety of optics thanks to the cutout on top of the receiver, which accommodates STR-9 adapter plates. Plate "A" takes RMR, while plate B is for Eotech, Docter, Insight, Meopta, Burris and Vortex.

### STANDARD FEATURES

- CHOKE TUBE:** Extra-Full Turkey choke.
- FINISH:** Mossy Oak® Bottomland™
- STOCK:** Mossy Oak® Bottomland™
- SIGHTS:** Green Hi Viz® Front Sight.
- BARREL:** 22" barrel.
- CUT FOR RMR OPTICS:** Uses STR-9 adapter plates.
- PARACORD SLING**

Mossy Oak® Bottomland™ has proven to be an extremely effective camo pattern for turkey hunters.

## Model 3020

Lightweight 20-Gauge Performance

**MODEL 3020 – 20-GA, 3"**  
ITEM # 36002 Realtree® Max-7™, Cerakote Burnt Bronze

**MODEL 3020 – 20-GA, 3"**  
ITEM # 36004 Mossy Oak® Bottomland™

The M3020 3-inch-chambered, 20-gauge, Inertia Driven® semiautomatic shotgun joins Stoeger's line of high-quality, affordable firearms. Versatility, value and solid reliability make the M3020 ideal for waterfowl, wild turkey or upland game. The M3020 handles a full range of loads, from 2¾-inch up to the potent 3-inch magnum without adjustment. For reliability and performance, no other 20-gauge semiauto in it's price range compares.

**MODEL 3020 COMPACT – 20-GA, 3"**  
ITEM # 36003 Black synthetic

Stoeger has created an easy-handling, short-stocked, autoloading 20-gauge that offers a 13½" length of pull. The M3020 compact is great for smaller-framed shooters who prefer the fit and feel of a lightweight, compact shotgun.

**MODEL 3020 – 20-GA, 3"**  
ITEM # 36012 Satin walnut, Cerakote Burnt Bronze

The Stoeger Model 3020 incorporates a red-bar front sight for quick and easy sighting, even in low-light conditions.

## P3500 Pump

Magnum performance at a friendly price

**P3500 – 12-GA, 3½"**  
ITEM # 36059 Realtree® Max-7™

The Stoeger P3500 is fitted with a checkered synthetic stock that has an integrated swivel stud for easy sling attachment, and a recoil-absorbing, rubber buttpad. An inset Stoeger logo grip cap is under the pistol grip.

A chrome-lined, ventilated rib barrel with a red-bar front sight and a screw-in modified choke come standard on the P3500.

The P3500 and its stablemate, the P3000, are packed full of features such as chrome-lined barrels, dual-action bars and rotating bolt heads, to name a few, and are chambered to deftly handle up to 3½" magnum loads. Its ergonomic styling with sleek, thin forend profile makes for a pleasingly smooth swing and instinctive pointing. The rock-solid P3500 pump gun also comes in at a price that will make even the most budget-conscious hunter smile.

### P3500 PUMP SHOTGUN

| ITEM NUMBER                     | BARREL LENGTH | STOCK            | OVERALL LENGTH | AVERAGE WEIGHT | MSRP  |
|---------------------------------|---------------|------------------|----------------|----------------|-------|
| <b>12-GAUGE 2¾", 3" AND 3½"</b> |               |                  |                |                |       |
| 36059                           | 28"           | Realtree® Max-7™ | 50"            | 7.1 lbs.       | \$549 |

COMMON SPECIFICATIONS: Magazine Capacity: 4+1 Chokes: M Type of Sights: Red-bar front sight Length of Pull: 14¾" Drop at Heel: 2½" Drop at Comb: 1½"

### STANDARD FEATURES

**CHOKE TUBES:** M and wrench.

**FINISHES:** Realtree® Max-7™

**SIGHTS:** Red-bar front sight.

The rotating bolt head ensures a positive steel-to-steel lockup that gives Stoeger pump-action shotguns extra strength and reliability.

A precision-machined, anodized-aluminum receiver and easily accessible cross-bolt safety speak to the practical design and quality craftsmanship found in the P3500.

The dual action bars of the P3500 provide smooth, solid, reliable operation of the pump-action. The twin parallel steel bars evenly distribute the force used to manipulate the manual action, preventing twisting and binding from occurring during ejection of a discharged shotshell and the loading of a new round into the chamber.

## P3000 Pump

Durable Dependability  
At Amazing Value

**P3000 – 12-GA, 3"**  
ITEM # 31971 Black synthetic

Stoeger's P3000 sets the standard for dependability at a wallet-friendly price. This no-nonsense shotgun from Stoeger will reliably handle 12-gauge 3" magnums loads.

The Stoeger P3000 pump-action shotgun sports a precision-machined, anodized-aluminum receiver and an easily accessible cross-bolt safety found at the rear of the trigger guard.

One of the many winning features of the P3000 is its barrel extension. By reaching well into the receiver, this portion of the barrel saves wear and adds longevity to the action. Also, it makes cycling smoother and helps eject shells more reliably.

**P3000 – 12-GA, 3"**  
ITEM # 36056 Realtree® Max-7™

## NEW V7000 & 7020 Over/Under

Your New Go-To Over/Under

**NEW** MODEL V7000 – 12-GA, 3"  
ITEM # 36100 Walnut

**NEW** MODEL V7000 – 12-GA, 3"  
ITEM # 36101 Walnut

Introducing the newest V7000 series from Stoeger, destined to be the go-to over/under shotguns for discerning shooters desiring an optimal blend of outstanding performance and great looks. The V7000 will be equally at home hunting in the field, shooting sporting clays, and winning matches at a trap or skeet range. Choose between a black or silver alloy receiver, both outfitted with ejectors and nestled between a handsome walnut stock and forend. The 28-inch blued barrels are chambered to take shells up to three inches and feature a red-bar front sight atop the ventilated rib to help you acquire targets quickly in any light. Three extended choke tubes are included (36101 and 36103) and three flush choke tubes are included (36100 and 36104). Offering superior balance and instinctive pointability, a new 12- or 20-gauge V7000 or V7020 shotgun from Stoeger is sure to give you many years of hunting and shooting enjoyment.

### STANDARD FEATURES

**CHOKE TUBES:** (36101 and 36104) Extended IC, M, F and wrench (36100 and 36103) Flush IC, M, F and wrench.

**STOCK:** AA-Grade gloss walnut.

**TRIGGER:** Single selective trigger.

**SIGHTS:** Red-bar front sight.

**BARRELS:** 28" barrels.

Choose which barrel the V7000's single selective trigger fires first by using a color-coded selector switch integrated into the safety on the tang.

The V7000's action-opening lever automatically activates the firearm's safety when the action is opened.

Quick reloading is facilitated by the V7000's automatic ejectors, which throw spent hulls clear when the action is opened.

A red fiber-optic sight atop the V7000's ventilated rib gets you on target quickly and is easily seen in low light conditions.

## Condor Longfowler, Condor Synthetic and Condor Field

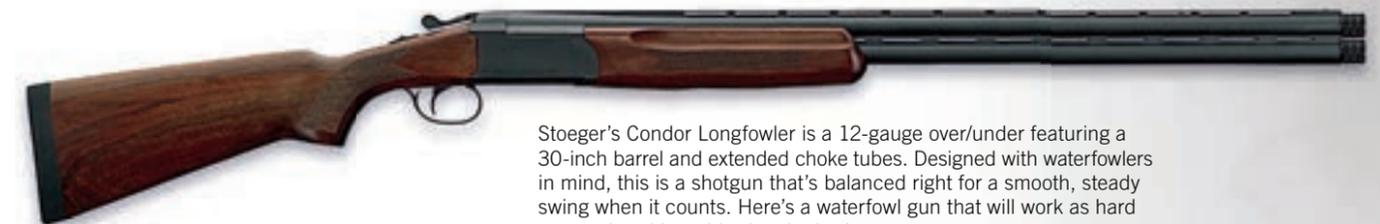

Affordable and Versatile Double Guns

**CONDOR FIELD – 12-GA, 3"**  
ITEM # 31444 Black synthetic

Stoeger's Condor Synthetic over/under shotgun was created for upland game hunters and waterfowlers desiring a weather-resistant 20-gauge for engaging ducks close in over decoys, pass shooting, and quick-flushing game birds. Featuring 28-inch barrels and screw-in chokes, this shotgun is perfectly balanced to deliver a smooth, steady swing. Built to put birds on the ground or in the drink in any weather, this firearm offers you many seasons of enjoyment and performance.

12-gauge model stocks are now available in walnut or synthetic weather-resistant, textured version to ensure a solid grip in foul weather.

**CONDOR LONGFOWLER – 12-GA, 3"**  
ITEM # 31061 A-Grade satin walnut

Stoeger's Condor Longfowler is a 12-gauge over/under featuring a 30-inch barrel and extended choke tubes. Designed with waterfowlers in mind, this is a shotgun that's balanced right for a smooth, steady swing when it counts. Here's a waterfowl gun that will work as hard as you do, without blowing the budget.

**CONDOR FIELD COMPACT – 20-GA OR .410, 3"**  
ITEM # 31036 A-Grade satin walnut

A perfect fit for beginners and small-statured adults, the Condor Field Compact model comes with all the standard features of a full-size Condor. It features a 22-inch barrels and a 13-inch length of pull.

## Condor Competition

From Range to Field

**CONDOR COMPETITION – 12-GA, 3"**  
ITEM # 31045 AA-Grade gloss walnut

Ported barrels come standard on the Condor Competition. Barrel porting lets gas escape through the top of the barrel to help keep barrel climb to a minimum for a quick second shot.

The Condor Competition is equally at home on a sporting clays course, skeet field or trap range. Available in 12 or 20 gauge, the Condor Competition features ported barrels, automatic ejectors and an adjustable comb.

### STANDARD FEATURES

**CHOKE TUBES:** Extended IC, M, F (2 each) and wrench.  
**STOCK:** AA-Grade gloss walnut. Right-hand palm swell on grip and stock with fully adjustable comb.  
**TRIGGER:** Single Trigger.  
**SIGHTS:** Brass bead and silver mid-bead.  
**BARRELS:** Ported 30" barrels.

## P3000 TACTICAL

### Light, Quick, Effective

Just the sound of this shotgun racking a round may be the only defense you need, but if more is required, count on the P3000 to deliver when it counts. At just 6.4 lbs. with an 18.5-inch barrel, this shotgun is ideal for maneuvering in close-quarters. M-Lok and QD mounting points aid customization. Removable ghost-ring sights included.

# Freedom SERIES

For this Freedom Series Supreme shotgun Stoeger took the solid operating system of the P3000 and paired it with select U.S. manufactured components. This allowed us to create an extended-capacity P3000 shotgun for our customers which is 922r compliant.

## P3000 Freedom Series Supreme

The Shotgun You'll Be Proud to Keep and Bear

The pump-action shotgun has been THE firearm most recommended for personal defense for more than a century, and there's not one model better suited to the task than our P3000 Freedom Series Supreme. It's outfitted with a new tactical stock and forend that have M-Lok and QD mounting points for attaching accessories. The other model comes with a telescoping/folding stock. The 31972FS has an optic cut in the receiver, and two plates for RMR and Burris optics options are included. An enlarged loading port makes feeding the 7-round extended magazine tube easier. The 18.5-inch barrel is optimal for maneuvering in close quarters, and it's fitted with a breaching choke. When it comes to defending your family and your home or business, you can trust Stoeger Freedom Series firearms.

# STR

When you face a grave emergency and everything is on the line, nobody cares if their everyday carry piece has fancy etching or a big-name logo on it. What counts is fast deployment, relentless reliability, and bullets hitting their mark. That's why more and more shooters are choosing Stoeger's STR for EDC.

The STR striker-fired semiautomatic pistol is quickly earning a deserved reputation as a gun you can bet your life on. It's a durable workhorse packed with practical performance features that's easy to shoot, carry and maintain. All at a price that shames the competition. With a variety of calibers and configurations available, you're sure to find an STR that fits your needs.

**REMOVABLE BACKSTRAPS**

# ENGINEERED FOR EXCELLENCE

**LOW BORE AXIS**  
For more accurate follow-up shots.

**FACTORY-TUNED TRIGGER**  
For a clean, crisp break.

**COLD HAMMER FORGED BARRELS**  
Stand up to heat and stress.

**EXTREME ACCURACY**  
Throughout the life of pistol.

**ADVANCED ERGONOMICS**  
For stability during high-volume shooting.

**WON'T BREAK THE BANK**  
With models starting at \$329

# WHAT'S NEW

Ever since our STR striker-fired semiautomatic pistol was first introduced in 2019, it's been praised by our customers and the shooting industry alike as the perfect blend of reliability, durability, affordability, and performance. In fact, the STR has been so popular that we've been able to expand the line to include new calibers, new sizes and configurations, and even new colors. Our latest additions to the STR-9 lineup include Thinline+ with an easy-racking slide and increased payload. We've also added the feature-loaded STR-9 Combat X Premium, along with the new STR-45 Full-Size Combat pistol packing 16 rounds of hard-hitting .45 ACP.

## STR Micro Compact

Discreet Carry

When discreet carry is a must, look no further than the STR Micro Compact. You get the same rugged reliability and features found in full-size STR models in a pistol that's easier to conceal. The trigger is outstanding, and there are multiple sight options to choose from. An 10-and 13-rd. magazine are included (10-rd. mags for states with a limit).

### STANDARD FEATURES

- ACTION:** Striker-fired.
- TRIGGER SAFETY**
- OPTICS MOUNTING:** Direct mount with RMsC Shield footprint.
- CABLE LOCK:** Included with every pistol for safe storage.

Comes with flush and extended pinky magazines.

## STR Sub-Compact

Your New EDC Pistol Has Arrived

Dependable performance in a smaller size. Stoeger developed this sub-compact version of the STR with concealed carry in mind. It has all the power, reliability, performance and safety features that are standard in the STR line, and delivers them in a more compact version that is optimized for every-day carry.

### STANDARD FEATURES

- ACTION:** Striker-fired.
- TRIGGER SAFETY**
- CABLE LOCK:** Included with every pistol for safe storage.

All STR Sub-Compact models come with a three-dot sight system that has snag-resistant edges for smooth draws and holstering.

Overall length of the STR Sub-Compact is 6.54" compared to 7.44" for the standard STR's.

## STR-9 Tinline

Meet Your New EDC Handgun

**NEW** STR-9 – STR-9 THINLINE+  
ITEM # 37007 Black synthetic,  
Tungsten Cerakote matte black  
Low Profile Extended Magwell

After the success of our Tinline concealed-carry pistol introduction, we set out to make it even better. Behold the Tinline+. The Tinline+ offers a 19+1 9mm payload in the same, sleek, 1-inch-wide package that everyone loves. For 2026, that slim design now features an easy-racking, Tungsten CERAKOTE® slide that significantly reduces the force required to work the slide. Top window cutouts and a ported barrel help mitigate recoil. These new maximum features in a minimal concealed-carry profile make the Tinline+ an easy-to-operate, easy-to-shoot personal defense firearm that won't bust the budget. A loaded-chamber indicator and direct mount plate for optics are standard with the Tinline+. Comes with (1) 19-round and (2) 14-round magazines.

STR-9 – STR-9 THINLINE  
ITEM # 37003 Nitride Hardened  
Slide, Black Synthetic Frame

### STANDARD FEATURES

- ACTION:** Striker-fired.
- TRIGGER SAFETY**
- OPTICS MOUNTING:** Direct mount with RMsC Shield footprint.
- CABLE LOCK:** Included with every pistol for safe storage.

With the new STR Tinline, you get the slim profile of the Micro Compact paired with the extended grip of a Compact, creating the perfect fusion of IWB concealment and superior handling.

## STR Compact

Optimized For Concealed Carry

### Every day tough meets every-day carry

Stoeger's STR Compact semiautomatic pistol sets the personal defense pistol bar high with features such as an integrated rail, internal safety, reversible magazine release, optimized slide serrations, three-dot sight system and enhanced ergonomics. The STR Compact carries on the legacy by offering all the full-size features, power and reliable performance in a more compact version optimized for concealed carry.

### STANDARD FEATURES

- ACTION:** Striker-fired.
- TRIGGER SAFETY**
- CABLE LOCK:** Included with every pistol for safe storage.

STR models (except optic ready) have a feature that lets you check by touch if a round is chambered. A small indicator atop the receiver raises to confirm the presence of a chambered round. It stays flat when the chamber is empty.

Overall length of the STR-9C is 6.9" compared to 7.44" for the standard STR's.

STR-9C COMPACT – 9MM  
ITEM # 31730 Nitride Hardened

## STR Mid-Size

Carry Tough

### Dependable EDC With Practical Style

Delivering the reliability and accuracy expected in a full-size pistol with the handling and carry attributes of a smaller handgun, the STR Mid-Size hits the perfect note. With up to 15+1 cartridge capacity and interchangeable backstraps for a custom fit, the mid-sized handgun allows for exceptional ergonomics to match a broad range of shooter sizes. The STR Mid-Size is offered in seven models: OD Green, FDE Distressed, and Tungsten Cerakote featuring Meprolight's Hyperbright sight system.

## STR-9 Combat X

Everything You Need, Military Tough

**NEW** STR-9 – COMBAT X PREMIUM  
ITEM # 37008 Nitride Hardened Slide, Black Synthetic Frame

### Here's your chance to own a full-size 9mm handgun optimized for military and law enforcement,

built to their demanding specifications, and sporting an all-black finish. Outfitted with a raised front fiber-optic and a fully adjustable rear sight, accuracy is exceptional. There's also a cut in the slide should you choose to mount optics. Deep slide serrations promote quick operation and strategically-placed slide cutouts mitigate muzzle rise. Ambidextrous slide release levers aid weak-hand operation, and a beveled magazine well facilitates quick reloads. Don't miss this chance to own the kind of firearm professional operators dream about.

### STANDARD FEATURES

- ACTION:** Striker-fired.
- TRIGGER SAFETY**
- SIGHTS:** Adjustable, fiber-optic sights.
- OPTICS MOUNTING:** Four mounting plates and cover.
- BACKSTRAPS:** Three interchangeable backstraps offer custom fit.
- CABLE LOCK:** Included with every pistol for safe storage.
- ENHANCED MAGWELL**

Each STR Combat comes with an adjustable fiber-optic sight system.

## STR Full-Size

Bigger and Badder

**STR-9F – COMBAT 9MM**  
ITEM # 31794 Nitride Hardened Slide, Black Synthetic Frame Enhanced Magwell

**Meet the Stoeger Power Team**

Designed for hard use and built to satisfy the highest expectations, Stoeger's STR Full-Size handguns are the optimal choice for medium-to large-hand shooters looking for maximum dependability and ample on-board round count. Featuring a nitride-hardened slide, a high-retention/customizable grip and a light/laser rail, the STR Full-Size is an ideal choice for defensive work or competition. With several model configurations available, including the all new STR-45 in .45 ACP, the STR Full-Size series has a model for every mission at a price well below its performance capabilities.

### STOEGER SOFT GUN CASES

Branded soft gun cases protect your shotgun during transport to and from the field or range. Choose from three durable options: Max-7™, Bottomland™ or black.

ITEM # 94215  
Black \$30

### STOEGER PISTOL CASE

Securely transport your pistols to and from the range with Stoeger's 2-Gun Pistol Case. Constructed of 600D PVC-backed fabric, this case features two zippered gun storage pockets, five magazine holders, and two front accessory pockets to optimize organization. Measures 13" W x 8.5" H x 2.75" D.

### M3500 RECOIL REDUCER

Installing the optional recoil reducer in a new camo or synthetic Model 3500 adds recoil-mitigating weight to the stock. The buttstock incorporates a cut cavity that facilitates easy installation, and removal is a snap when firing lighter loads.

### STR-9 KYDEX HOLSTER, RIGHT HAND

STR-9 Kydex Holster, Right Hand. Made from lightweight and durable black Kydex, this holster is ideal for the Stoeger STR-9 handgun. In keeping with the STR-9's vision of being every day tough for every day carry, this holster offers a minimalistic and sleek design and toughness that lasts.
